CONCORDIA UNIVERSITY

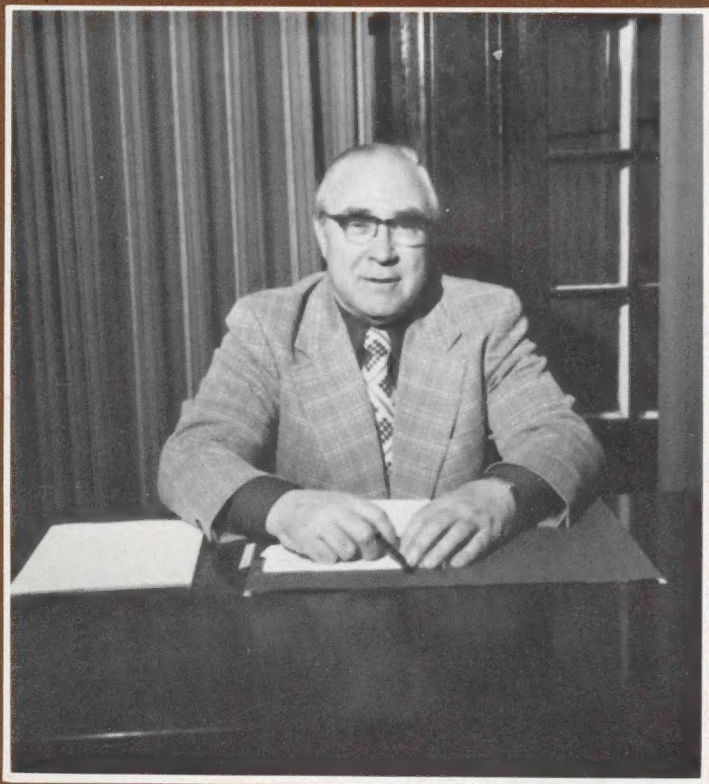

**1979-80
Montreal, Que.**

John W. O'Brien
Rector and Vice-Chancellor

Rev. J. Aloysius Graham, Member of the Society of Jesus (Upper Canada Province), was born in St. Mary's, Ontario. Fr. Graham earned an M.A. in Chemistry at the University of Toronto. He continued his studies for the Jesuits at Universidad Javeriana in Bogota, Columbia from 1944-1948. In 1952 Fr. Graham joined the Faculty of Science at Loyola College as Assistant Professor of Chemistry after teaching at Campion College in Regina. In 1958 he was made Chairman of the Chemistry Department and later Dean of the Faculty of Science. Fr. Graham was selected to replace Fr. Patrick Malone as Vice-Rector and Principal of the Loyola Campus in 1974. He concludes his term this year. Concordia students are grateful to him for the contribution that he has made to the new University.

My tenure as Vice-Rector and Principal has coincided with the first five years of "the merger". It has cast me in the role of defender, exponent, champion of a union which I have believed in and have done my best to further. I am proud to have been a member of Concordia's administrative team during these difficult years when everyone was called upon to rethink our course, to compromise and to readjust when necessary. I believe that Concordia is now firmly established - nothing but external catastrophe will destroy our University. We are strong - and not least because it is from diversity that we have forged our unity.

It has been a privilege and pleasure to work as Vice-Rector of Concordia. To work with Dr. John W. O'Brien, whose wisdom and administrative skill have guided us well. To work with the other Vice-Rectors and administrative staff who have shown me so much co-operation and kindness. To work with my Assistant Vice-Rectors, the Deans and Directors of Student Services, my own staff and the host of those who made my path an exciting one - including those who felt it necessary to add the occasional bump. To work with the students whose interests are the ultimate reason for my efforts.

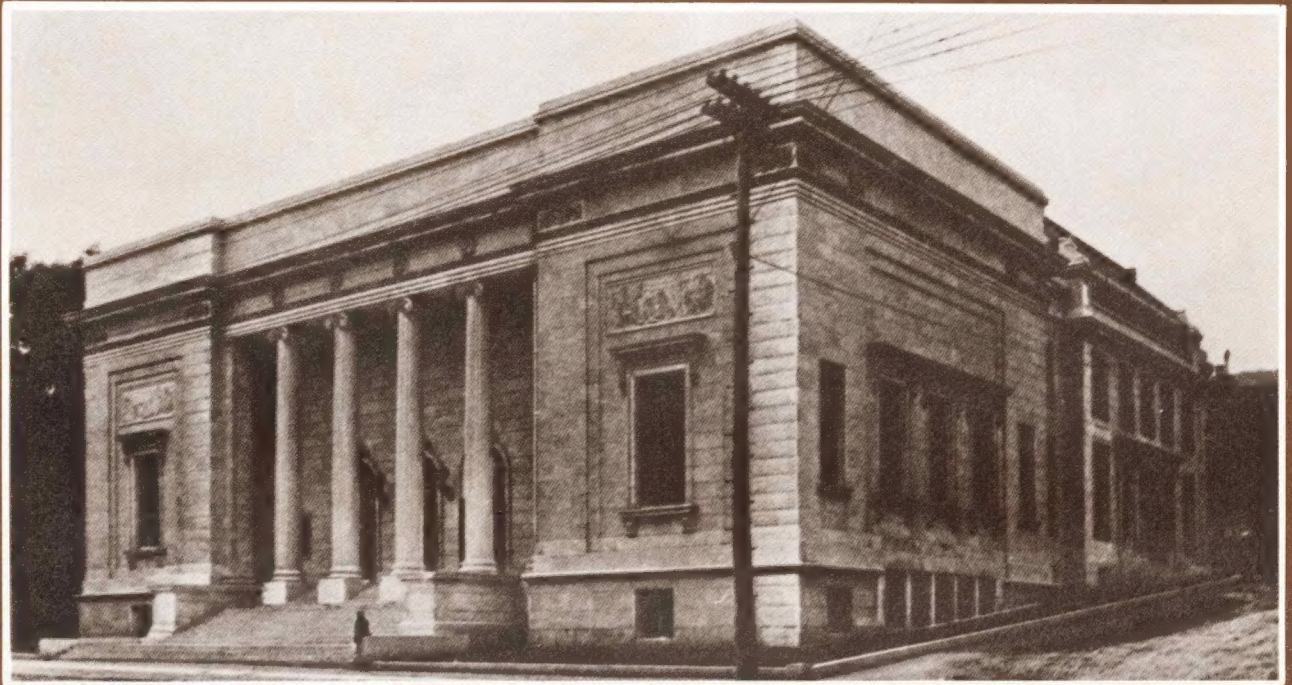

I leave the Vice-Rector's office with a feeling that a great deal has been accomplished during the past five years - I hope I have done a little to help.

The Loyola Campus and everyone who works and studies there will always hold a special place in my affection. It is more than a parcel of real estate, a group of buildings, more even than a group of people. It is a community with a soul and spirit - not apart from but a part of Concordia University.

CONCORDIA IN GUATEMALA

Eight Concordia students, with special interest in Third World Countries, spent a month in Guatemala studying Canadian involvement in the development of that country. Professor Julio Tressiera of the Sociology department led the group in this field trip.

LOYOLA MEDAL

Sponsored by the Loyola Alumni Association, the Loyola Medal was conceived as a tribute to outstanding leadership and achievement on the Canadian scene. The criterion for awarding the Loyola Medal is that its recipient should be "a man or woman whose character, philosophy and contribution have enriched the heritage of Canada and humanity". The ninth recipient, Miss Forrester, is the first award winner to have been selected from the performing arts.

LACOLLE CENTRE

Nestled in the Quebec countryside, adjacent to the American border, you will find the Lacolle Centre for Educational Innovation. Nine years ago an assorted group of people, principally composed of individuals from Student Services, thought that the educational environment did not take into account the personal and human needs of the student. An old farmhouse located in Lacolle, Quebec was purchased with a special grant from a philanthropic foundation. The Lacolle Centre was developed with the stated purpose of extending the university experience by replacing some of the usual restrictions of a classroom with an informal, shared community. The founders believed that this educational concept would help to promote a bonding between individuals and further develop human relationships among students, faculty and staff. Nine years later, the Lacolle Centre has served thousands of the Concordia community.

Winning Poetry by Kathleen C. Moore

MOTHER'S LETTER IN A DREAM

In the jungle
I have carefully tended
You intuit my vined house
Feverishly assault my door.
I observe your knife
Bloody with fresh leaves.

Your stone eyes crack,
History gushes
From the fountain
Your image wavers
In the spreading pool
You confide
To your undelivered child
An empty envelope.
I deduce your mute defense
Offer my room for rest.

You falter at the topmost
stair.
I lift you like a child
Place you on my bed
-- An empty coat.

The flood in my living room
Spawns phosphorescent
snakes.
I pluck one for a taper
And set my jungle ablaze.

CHAMELEON

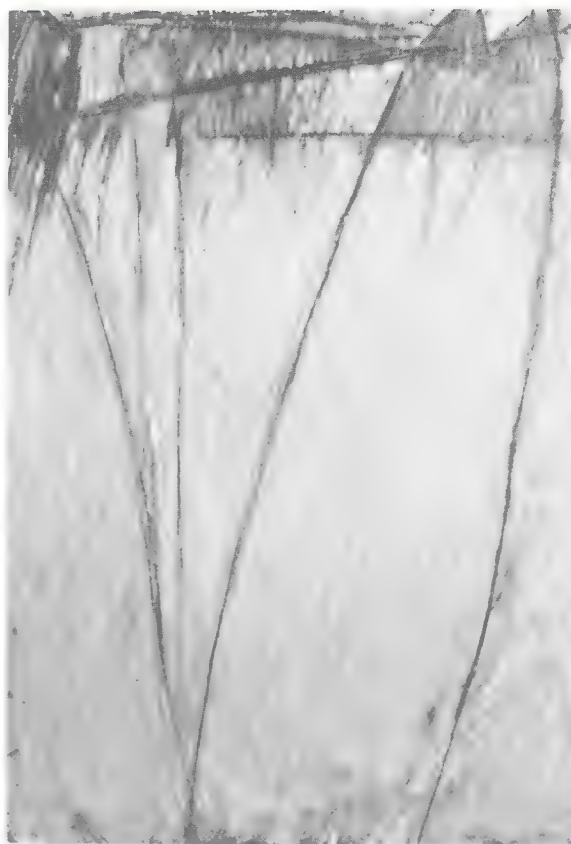

We stand at morning's window,
Praise the golden needles in our
eyes
Embroidering the sun
Like an Imperial Dragon
On our silken lids.

Turned from the wooden frame
We admire our tapestry.

I pull a stray thread
From your forehead.

You unravel.

The dragon's tail lies flat
And cold as stone on the win-
dowsill.

*A Delicious
New Beginning*

It's catching on.

At Ravary Electroniques, we are working to better serve the Musical Instrument Industry. Musical instruments are our specialty, thus allowing us to stock parts, including the hard to get variety, for all major instrument brands from the basic microphone and amplifier, to the complex consoles or keyboards.

At present, we are the only independant warranty service center for: Ampeg, Arp, Eko, Lab, Moog, Morley, Mutron, M.X.R., Traynor and Yamaha.

To further compliment our services, we offer custom electronic circuits, speaker reconing, speaker cabinet building and finishing and a complete line of hardware; from corners, handles, latches and grill cloth, to cables, connectors and snakes.

For further information, please contact our office in Montréal.

REAL

"Making Television
Better and Better"

Our good name goes from ear to ear — year to year

Good news gets around, so
it's hardly surprising that
Racal-Zonal have built such a
sound reputation.

Professionals know and
trust our products. British
and overseas broadcasting
authorities, commercial
radio, film and TV studios—
all of them value the quality
and reliability of our multi-
track tape, audio and
cassette tape, and film
soundtracks.

Magnetic recording is our
genius. Whatever needs to be
recorded, we've got it taped.

Ask us what we can do for
you. We'll listen most care-
fully, and give you a clear
answer.

LOOKING FOR WORK?

WE MAY BE

LOOKING FOR YOU ...

We are a long-established Educational Institution with our head office in Montreal. We design, write, and publish our own study materials, largely through a team of off-premise people working on a part-time basis.

If you can WRITE, EDIT, or DRAW, and if you can do it SKILLFULLY, CONSCIENTIOUSLY, and ENTHUSIASTICALLY, we may be able to give you the part-time practical experience you need to secure a creative and appealing job in the business world.
